Eight (8) people sworn: Kev Freeman, Tom Reetz, Marcela Cambor, Don Cuozzo, Lucas Latham, Intervenor, others unidentified.

Tom Reetz, Senior Planner - briefly presented on the Central Parkway Lofts, noting the changes between First and Second Reading; removal of building 5, reduction of parking, increased open space from 27 to 31%. Staff recommends approval with conditions.

Marcela Cambor – Noted that 10% in perpetuity was the agreement at the last meeting. Presented, noting that the land use and zoning has not changed for this property and that this project was approved at the LPA level because it met Comp Plan requirements.

Intervenor, Lucas Latham - Began with questions of the applicant and staff and presented a Power Point. Stated he is not against development in the area but would like to see medium density, under 15 units per acre.

Commissioners participated in questioning and discussion with both Lucas Latham and Marcela Cambor. Lucas Latham requested an expanded dog park, a bridge between the park and residences and a continuous safe sidewalk along Central Parkway.

Commissioner McDonald asked Marcela Cambor about the 10% affordable housing units and traffic counts.

Vice Mayor Matheson commented on his belief in property rights and would like to review the PUD process.

Mayor Clarke requested clarification of the violation of the comp plan mentioned in Intervenor Latham's presentation.

City Attorney Mortell explained that it is an objective, not a mandate so it is not in violation of the Comp Plan.

Commissioner Meier was in favor of the parking plan but was concerned about the parallel spaces on the southern side because of the Willoughby extension and would like to see a future public transit option. He discussed the AMI percentage in perpetuity and would like a reporting requirement deliverable annually or quarterly.

Mike Mortell suggested that they have the applicant submit a list annually so show that 10% are AMI.

ORDINANCE FIRST READING

23. VARIANCE TO REDUCE THE UPLAND BUFFER DISTANCE TO SIGNIFICANT WETLAND RESOURCES AND FRONT YARD SETBACK:

REQUEST FOR A VARIANCE TO THE CITY'S LAND DEVELOPMENT CODE, SECTION 5.03.02.C.1 AND 4, FOR A REDUCED MINIMUM UPLAND BUFFER DISTANCE FROM OUTSTANDING WETLAND RESOURCES, REDUCED AVERAGE UPLAND BUFFER, REDUCED CONSTRUCTION SETBACK FROM WETLANDS, AND FROM SECTION 2.04.01, REDUCED FRONT SETBACK FOR A LOT ON INDIAN GROVE IN ORDER TO ACCOMMODATE A DUPLEX.

City Attorney Mortell announce that though this is listed as a First Reading on the Agenda, it is a Variance normally reviewed by the Board of Adjustment (BOA, however, in this particular instance, it is a set back from a wetland and the BOA technical language does not include setbacks from wetlands, it includes setbacks from sides and other distances. As a result, this issue was raised at the BOA and treated as a direct appeal to the City Commission under the Code, which is authorized. Because the Commission Meeting Agenda does not have a category for BOA or variances, this item was placed under the

Ordinances First Reading category. This is technically a quasi-judicial hearing for the record.

Two (2) people sworn; Kev Freeman, City of Stuart, and the applicant Doug Bournique.

Kev Freeman, Development Director presented the variance information.

Doug Bournique reviewed his request before the Commission.

Commissioners participated in questions and a discussion with staff and Mr. Bournique about the variance, the property, and the hardship.
