Jodi Nentwick-Kugler, Development Director, presented the project's details and provided the petitioner's requests.

Mike McCarty of McCarty and Associates, presented the plans for the existing building and the improvements planned for the property. Reviewed the public response from the January Community Redevelopment Board (CRB) Meeting, and announced they held a neighborhood meeting to include the neighbors in the project. The public response was simply no valet. Requested an exemption to the parking, as parking throughout downtown is all that is needed.

Dr. Shambeck, property owner, commented on his personal history with the property.

Commissioner Clarke requested the uses on the urban waterfront.

Ms. Nentwick-Kugler listed the uses.

Commissioners continued questions and discussion.

Mr. McCarty provided clarification to Commission's concerns regarding the noise ordinance, existing structure, parking, egress and ingress space for delivery services, etc.

City Attorney Baggett, commented that an option for the parking may be to lease the parking and make it available to their clientele. City Manager Mortell stated another option is to pay the City to cost the lease.

PUBLIC COMMENT:

1. Dennis Steelman – Seminole St; commented on how this is being considered when the City does not know what type of restaurant it will be, opposed to the project.
2. Chip Hazard – Seminole St; Commented that there is not enough information nor notice for the project, stated Seminole St. is not an alleyway but a neighborhood. Opposed to the project.
3. Edward Lucente – Seminole St; Commented on the boundaries, requests that the legal boundary protects the neighbors, opposed to project.
4. Bruce Laraway – Seminole St; Commented that he has been a resident for fifteen (15) years, noted the descriptions of Seminole Street being an alley; opposed to the project.
5. Tom Campenni – St. Lucie Crescent Rd; noted the parking spaces and feels the 42 spaces should be considered; feels the music needs to be strictly enforced as the Ordinance is not enforced.
6. Mark Brechbill – Osceola Ave; Commented as the no vote on the Community Redevelopment Board (CRB) for this project, the alternative, after meeting with the neighborhood, feels it should be done within the existing plan for downtown, put it in the saturation district.
7. LouAnn Steelman – Seminole St; being called an alley, the street is beautiful, feels it will bring lots of traffic, opposed to the project.
8. Robert Ernest - Commented on the past approvals by the Commission and parking in downtown. Didn't receive notice; traffic issues.
9. Jim Spurgeon – Osceola Ave; Commented on the parking and delivery trucks.
10. Sean Reed – Sixth St; Commented that most support the concept, but traffic is the issue; seating enforcement, six letters in support of the project, stated Stuart is losing its unique charm.
11. Marty Bielicki – Seminole St; Commented on the opposition of the restaurant, don't bend rules.
12. Helen McBride – Flamingo Ave; Commented that some of what was said tonight is not accurate; noise issues, feels there should be no music, one handicap parking space in the area, part of Seminole was known as an alleyway for the businesses on Osceola.
13. Annie McMillian – Harbor Point Dr; Opposed to the project and is present to support the Seminole Street neighbors; taxpayers need to understand what is allowable, voice opinions, to be given an explanation of what can be changed in the code if necessary.

Mike McCarty, McCarty and Associates, responded to the public comments. Noted the residents purchased within a mixed use Community Redevelopment Agency. There are many uses in a CRA area and the allowance of these projects has made the city what it is today. Commented on the parking lease, would like to meet with someone from the City to lease what is available.

Mayor, Vice Mayor, and Commissioners stated their positions on the approval and added their comments.
